Resp to Allegations by API and Ques for Shaw Mar 28 2013 DCD.docx

Dave:

Shaw needs to answer questions in red and read these responses to verify accuracy (relevant to their activities). This response is a subset of responses to API which is a subset of responses to well construction.

Kathy is out this week. When she returns next week, I will have her modify the well schematics to indicate that the cement basket was painted blue and exterior of riser casing was painted black.

I will continue to draft responses to API that are not relevant to Shaw and Boart-Longyear activities.

Dave:

I will send you what Shaw needs to respond to or check by 11:30a today.

Dom,

We need to get a TD to Shaw today regarding their getting info from subcontractors. Can you get questions to me this morning?
